Collective Type Co.

About Us

Ni-Night founders, from left to right: Stacy Skibsted, Katie [Last name], Sangeetha [Last name].

As mothers of young children, we know how difficult it can be to get out shopping – let alone shop in peace! Then if you do make it out, you have to visit a variety of stores to try and find items that are a little different and special.

So, the Ni-Night concept was created at the beginning of 2008 to provide a more accessible way of shopping for unique, quality items. At Ni-Night you can shop online, over the phone or by visiting our showroom in Singapore.

At Ni-Night we offer children's bedroom furniture that is functional, space saving and beautiful. Ni-Night offers free delivery and assembly throughout Singapore and customers can request for a free bedroom design that can precisely meet the child's bedroom requirements. Ni-Night provides a full range of children's furniture from beds, storage beds, bunk beds made to ISO certification, chests of drawers, bedside tables, study desks and bookcases. We also have baby furniture and baby linens for your little newcomer.

Ni-Night sells a variety of quality wooden single children's beds, bunk beds that feature versatile configurations and a loft bed with features such as a study desk. Ni-Night kids furniture can even be used in small bedrooms and still allow for your child's active lifestyle. Ni-Night aims to create children's bedrooms that are beautiful and functional, whilst being inspiring for parents who are looking for space saving and budgetary solutions in Singapore

Ni-Night makes setting up your child's room easy and stylish. Our white modern minimalist furniture and style means that the furniture blends in well and works cohesively within the kiddy environment. We have a huge range of children's linens styles and collections, along with a great selection of kids beds, desks, chairs, toy boxes and shelves.
